5 Terrorism Trends to Watch in 2022

If you want a consistent point of agreement among counterterrorism professionals to describe the lay of the land over the past year, start with the word “evolution”: a terror landscape that is as complex as it is dynamic, shifting with the political tides and ungoverned spaces, willing to set aside short-term satisfaction as needed for long-term gains, cultivating new extremists from current events, and hungrily feeding on the escalation of disinformation. Here are 5 terror trends to watch out for in 2022.

Moderating Extremism: The State of Online Terrorist Content Removal in the US

The Program on Extremism at George Washington University provides analysis on issues related to violent and non-violent extremism. The Program spearheads innovative and thoughtful academic inquiry, producing empirical work that strengthens extremism research as a distinct field of study. The Program aims to develop pragmatic policy solutions that resonate with policymakers, civic leaders, and the general public.
